March's focus is on **ePortfolios**. ePortfolios are more than an assessment tool and more than a digital filing cabinet.

We are excited to provide focused workshops that take a slightly different approach to ePortfolios by presenting alternative uses and avenues to explore.

Come learn how you can incorporate ePortfolios into your classroom and research.

### ePortfolio Workshops

## COURSE ePORTFOLIOS: More Than Meets The Eye

LIB 214 & Online via Blackboard Collaborate  
**[ Wednesday March 9, 2016 ]**  
**11:30 AM to 12:30 PM**

Come and explore the various ways to make learning visible through course eportfolios. Conversations will range from badging to aligning SLOs with artifact creation to showcasing process and product.

## SAVE THE DATES:

In addition to this month's focused workshops, we have two upcoming **ePortfolios** events:

- **April 4th & 21st:** we are partnering with Career Services to provide ePortfolio workshops focused on student resume building.
- **May 5th & 6th:** we are hosting our annual 2-day ePortfolio intensive for faculty.

*Stay tuned for more details*

### Technology Fellows Application 2016

The 2016 **Tech Fellows** cohort will focus on "Making Learning Visible". This program has long been a part of the teaching and learning professional development at UAA through CAFE programming.

This group will have the opportunity to delve into the MLV program goals, create an investigative plan with the goal of documenting and publishing your findings through the eWolf ePortfolio system.

### Apply for Tech Fellows 2016
